

Packing Slip Paper C4 500pcs

Product Images

Short Description

Packing slip envelope in size C4 without print. Quantity: 500 pcs.

Description

A packing list envelope must withstand moisture and wear during delivery. Virtually all major shipments are packed with some form of film to hold together the various packages packed on the pallet. On these occasions, it does not have to be a plastic packing slip but is better to use a more environmentally friendly alternative. As the demand for

less plastic products has increased, we have chosen to expand our range with 4 different shipping notes in paper. The same function as those in place but 100% paper and thus they can be discarded in the same sorting as other paper packaging. Packing list envelope 100% paper, C4 without print.
