

Fellowes Foot Rest Hana LT™ Black

Product Images

Short Description

The Fellowes Hana™ footrest offers adjustable height, resistance and tilt to improve ergonomic comfort at the desk and promote better sitting posture while reducing strain on the back and legs.

Description

The Fellowes Hana™ footrest is designed to improve ergonomic comfort at the desk. With two adjustable height settings, the footrest can be easily customised to suit individual needs, helping to improve sitting posture and reduce strain on the back and legs. The resistance of the footrest can be adjusted to offer the desired level of support during use. The spacious platform provides enough room for the feet, and the tilt function increases freedom of movement. Lightweight and portable design makes the footrest easy to move and store, making it

suitable for both office and home workplaces.
