

Fellowes Laminator Saturn A4

Product Images

Short Description

Laminating machine from Fellowes is perfect for smaller offices. Both cold and hot lamination.

Description

The previous Saturn 3i now comes in an updated version, with even better performance. Laminator - Saturn A4 is suitable for a small office. Can laminate both hot and cold. Includes starter pack with 10 laminating pouches and cleaning sheets. InstaHeat technology provides a warm-up time of only 60 seconds. Lamination speed of 50 cm per minute. Capable of laminating pockets up to 125 microns. Sensor indicates when a document has been misread and stops the lamination process so the sheet can be released and adjusted. Sleep mode is automatically activated after 30 minutes of non-use. For optimal maintenance of your laminator, we recommend using cleaning sheets regularly. Item: 105 x 436 x 139 mm Item Weight (kgs): 2.25kg 2 Yr-Warranty.
