

Steps Stool Plastic Grey 39cm

Product Images

Short Description

Step stool that can withstand tuffa roof. Practical and very easy-to-maneuver step stool that can handle weights up to 150 kg. The step stool is fitted with wheels that fold up automatically when you stand on it. Stands very steady when the wheel is up, at the same time as it is easy to kick with it. The stool is 39 cm high, made of polypropylene plastic and is rubber-coated for maximum safety. The stool is GS and TÜV certified (237000).

Description

Step stool of top quality, made of UV-resistant polypropylene that neither buckles nor rots. Equipped with 3 wheels that retract when the product is in use, which provides complete mobility and a safe and stable platform.

Manufactured from UV-resistant polypropylene.

With three wheels that provide full mobility.

Does not get bucklor or rust.

You stand safely on the slip-free träytan.

Max load: 150 kg

An elephant's foot is the safest and fastest solution when you need to "achieve" something.

A Kick step is perfect for, for example, archives, offices, warehouses or stores.
