## Product Images

## Short Description

Light and elegant clipboard that is easily attached to a trolley/packing table. Made of aluminum and polypropylene, which is up to 30% lighter than aluminum. 80% recycled material.

## Description

---

Light and elegant clipboard made of aluminum and polypropylene, which is up to 30% lighter than aluminum. The product is designed to support the wrist, and makes it possible to take notes all the way down to the end of the page.

- Flexible use:
- Can be attached or used as a normal loose writing pad
  - Made from 80% recycled aluminum and PP.
  - Can be used vertically or horizontally
  - Holds up to 50 A4 sheets
  - Two pen compartments
  - Hold for suspension
  - The surface is protected so it can withstand daily wear and tear
  - Supplied with plastic bracket for mounting on a tubular bar. The mount can be adjusted and is equipped with a non-slip pad.
