

Adhesive Lacquer 319 250ml

Product Images

Short Description

Adhesive Lacquer 319 is a water-based all-round adhesive and lacquer. It is used for bonding of paper, cardboard, textiles, wood etc.

Description

Adhesive Lacquer 319 is a water-based all-round adhesive and lacquer. It is used for bonding of paper, cardboard, textiles, wood etc.

If used as a lacquer, the product gives a bright transparent surface, suitable for lacquering of colours, collages, cuttings etc.

The product fulfils the requirements of the Association for Art- and Hobby materials, and is placed in group A.
